RAISULI'S POLICE PROJECT.

PARIS, November 16.

The journals learn from Tangier that Raisuli has submitted to the Sultan a police project for the region of Tangier and Mogador, making him do away with French and Spanish officers. *(Havas)*

The effective ruler of Morocco is still Raisuli. He has settled himself in Arzila, where he is hunting for lost property and restoring confidence, and has announced that he will not leave till he is formally appointed Basha. Meanwhile in Tangier his men have constituted themselves the guardians of order, and arrest prisoners without the sanction of the Mahkzan officials. Last Saturday week they seized the pump-house of the Spanish Electric Light Company, who had refused to pay them blackmail, and plunged the town into darkness, —an act in flagrant violation of all treaties. On the following Monday the French cruiser Galilée arrived at the harbour, and when her launch attempted to land it was bombarded with stones by the mob. Lawlessness in Morocco has evidently reached a climax. The Sultan's officials are powerless to restrain either Raisuli or the mob. Raisuli has authority, but exercises it for illegitimate purposes, while the mob, as in the Galilée incident, are being allowed to cultivate their anti foreign proclivities. It is clearly incumbent on France and Spain, whose ships are now lying at Tangier, to take immediate steps to organise the police and re-establish order.

"PRACTICAL ADVICE" WANTED.

Transport

The transport Sicilia, which arrived at Port Said yesterday morning from Southampton and sailed at 4 p.m. for Bombay, had on board 1,120 officers and men and their families.

Telegraphic News!

The news of General Rogers' death, telegraphed yesterday by Reuter, was a week old, the distinguished soldier having died on Thursday week. He was buried on Monday last at Bathwick cemetery.

Khedivial Sporting Club.

With the kind permission of the officer commanding, the band of the Inniskilling Dragoons will play at the Khedivial Sporting Club, Ghezireh to day and on Monday. The band of the Royal Inniskilling Fusiliers will play at the club on Tuesday.

The Banknote Robbery.

As will be seen by a notice in our columns, a reward of £100 is offered to any person giving information which may lead to the recovery of the L.E. 3,900 in National Bank notes which were recently lost in the post office in a registered letter addressed to Mr. N. D. Lambros, Benha.

Anglo-Egyptian Bank.

The directors of the Anglo-Egyptian Bank have declared a dividend of 10s. per share for the half-year ended August 31, making 15 per cent. for the year. The directors propose to add £50,000 to the reserve fund, raising it to £550,000, and £10,000 to the pension fund, carrying forward £29,000.

A Fast Run.

The Ellerman City liner S.S. City of Glasgow, which left Liverpool on October 12, with a full complement of passengers, arrived at Calcutta on November 7, having made the run in twenty-five days, excluding the passage of the Suez Canal. This is one of the fastest runs made between Great Britain and Calcutta.

Beyram.

The commencement of the feast of Beyram was announced at Alexandria yesterday at 3 p.m. by the firing of 21 guns from Fort Kaid Bey. The Khedivial yacht Mahrousa, the Coastguard boats, and the merchant ships in harbour, as well as Ras el Tin lighthouse and Kom el Nadoura signal station, were dressed rainbow fashion in the afternoon.

Zizinia Theatre.

Pressure on our space prevents us giving an account of the splendid performance of Daudet's "Sapho" by Mme Jane Hading last evening. To-night, the great actress will appear in "Le Maître des Forges" ("The Ironmaster") and to-morrow will give her final performance before proceeding to Cairo, where she appears at the Abbas Theatre on Monday in "La Princesse Georges."

Stock and Share Circular.

Messrs. H. de Vries and Bontigny, stock and share brokers of Cairo, publish a daily circular which briefly and clearly exposes everything relating to shares and cotton. This bulletin is of great utility to all desirous of following easily and closely the actual movement of the market. The circular, which also contains considerable financial information, is sent gratis on application.

Minieh Agricultural Show.

It having become known that they were to bear the expenses of the agricultural show to be held at Minieh on the 29th inst., the inhabitants of Minieh Moudirieh subscribed L.E. 2,500 for that purpose and remitted the amount to the Khedivial Agricultural Society, which is in charge of the arrangements for the show. The society, however, only accepted L.E. 500 of the money, and refunded the balance to the subscribers. The Khedive will probably attend the opening of the show.

Seamen's Home.

A very enjoyable concert was provided last night at this excellent institution. The Rev. H. P. Reid presided, and Messrs. Hughes, Thompson, and H. and W. Tookey delighted their auditors with a choice repertoire, including pieces which were original. The piano accompaniments were played by Mr. Wood, who is a local celebrity, and whose execution is greatly appreciated. We must not forget Captain Dingle, to whose organising skill the success of the evening is also due.

Dog Muzzling Order.

The following appears in yesterday's General Orders:—"The attention of officers and other ranks who own dogs is drawn to the decree of H.E. the Governor of Cairo, dated 23rd November, 1905, which lays down that all dogs when in the streets or suburbs of Cairo must either be muzzled or lead on a leash. Further, they must wear a collar bearing on a metal plate the name and address of their owner. The Commandant, Cairo City Police, has notified that stringent orders have been given to the police on dog service to arrest all dogs seen in the streets, etc., which do not fulfil the above conditions."

THE KHEDIVE.

TO-DAY'S BEYRAM RECEPTION.

The Khedive arrived at Ras el Tin Palace from Montazah at 8 o'clock this morning and held a reception on the occasion of Beyram and his approaching departure to Cairo.

The 3rd Battalion Egyptian Army, stationed at Ras el Tin barracks, was drawn up in two lines in front of the Palace, and paid military honours to the Khedive's visitors, who were many in number and included the Princes of the Khedivial Family, the Ministers, the Advisers, the Under Secretaries of State, Ghazi Mukhtar Pasha, members of the Consular Corps, the heads of the religious denominations, the magistracy, heads of State Administrations, officers of the Egyptian Army and the Army of Occupation, native notables, etc.

This afternoon at 4 o'clock the Khedive will return the visit of Ghazi Mukhtar Pasha at No. 3 Palace. After visiting the Ottoman High Commissioner his Highness will proceed to Montazah Palace.

It is expected his Highness will leave Montazah this evening for Mariout, whence he will go on a few days' trip in the desert.

Invitations have been issued by the Alexandria Gouvernorat to be present at Moharrem Bey station at the departure of the Khedive for Cairo at 7.30 a.m. on the 24th inst.

KHEDIVIAL DECORATIONS.

The King has granted permission to the following gentlemen to wear decorations in connection with the Imperial Ottoman Order conferred upon them by the Khedive of Egypt in recognition of valuable services:—Messrs. Arthur Adamson, Director of Works, Irrigation Service, in the Public Works Department of the Egyptian Government; William Richard Williams, Inspector, Third Circle of Irrigation; Percy Marmaduke Tottenham, Inspector, Fourth Circle of Irrigation; John Danvers Waghorn, Director of the Assiout Barrage; Claude Augustin de Cosson, Director of Works, Special Buildings, Upper Egypt; and Frank Pears Watson, Chief Engineer, Special Buildings, Lower Egypt.

THE GRAND MUFTISHIP.

The "Misr" learns that the Government intends to appoint Sheikh Mohamed Bekhet, of the Cairo Mehkemah, as Grand Mufti of Egypt, in place of Sheikh Ashour El Sidfi; but the report lacks confirmation.

AL AZHAR.

According to "Al Abram," the Khedive has finally appointed Sheikh Hassouna El Nawawi as Chancellor of Al Azhar University, which position he had already filled several years ago. It is also said that Sheikh Mohamed Shakir will hold the post of vice-chancellor of the University.

SUEZ CANAL COMPANY.

The annual meetings of the consulting engineers of the Suez Canal Company were held last week in Paris. According to the "Times" report, the British representatives were Mr. L. F. Vernon-Harcourt, Emeritus Professor of Civil Engineering at University College, London, and Mr. A.G.Lyster, chief engineer of the Liverpool Dock and Harbour Board. Among the directors of the company present were Prince d'Arenberg, Comte Charles de Lesseps, and Sir Henry Austin Lee.

ABBAS THEATRE.

The wrestling bouts at the Abbas Theatre last night were all interesting. Petlinger beat Schackmann after a long struggle, during which the judge and those members of the audience who had obtained seats on the stage ran some risk of being charged or seized by the excited wrestlers. Mehemed the African, who showed remarkable agility, beat his German opponent, who seemed rather out of condition, while Vanderberg (Holland) made a very plucky fight against Limousin, but was in the end worsted by the superior science of the elder man. The sensation of the evening was to have been the bout between Salama the Egyptian and Carl Cylis, the soi-disant English wrestler. The Egyptian won the bout with considerable ease, his weight and strength easily enabling him to overpower a much lighter adversary, though Cylis did not seem satisfied with the judge's decision. But almost before a sportsmanlike audience had time to applaud the victor a diminutive gentleman arrayed in a tarboush and a suit of dittos rushed in front of the stage and informed the audience with much gesticulation that the £50 had never been deposited in the National Bank as stake, that he and his friends had never offered the sum, and that altogether the public had been hoaxed. We also understood the gentleman to say that he was not going to pay anybody anything. The audience, so far from being annoyed, indulged in loud laughter, and when we left the theatre another gentleman was blocking all the exits from the boxes and standing on the steps waving his arms and addressing a rather satirical audience, while everyone behind him urged him to get out of the way. The performance was concluded at 1 o'clock.

ENGLAND IN EGYPT.

ATTITUDE NOT AGGRESSIVE.

In the course of his speech at the Guildhall, on the occasion of the Lord Mayor's Banquet, the Marquis of Ripon said: 'You will, perhaps, remember that there was a question of boundaries in the East as between Turkey and Egypt. That difficulty has happily passed away, a satisfactory and honourable arrangement has been arrived at, and I believe the whole question has been settled upon a permanent basis. Our position has been throughout in this matter not to allow the position of Egypt to be in any way impaired or infringed, but I need scarcely say that we have not assumed an aggressive attitude."

Thus the London "Tribune":—Lord Ripon spoke briefly on the Tabah incident, but much graver than that passing conflict with the Sultan was the unrest in Egypt which grew out of it. It is probable that the alarm which the revival of the national movement excited was much exaggerated. On calm consideration it has turned out to be neither a wave of fanaticism nor a beginning of revolt. We gather from a reassuring official notice, which was recently issued to tourists, that the unrest which was thought to be so considerable that Parliamentary discussion was inadvisable is now held to be so innocent that no tourist need dread it. It remains what it always was, the demand of a population more prosperous, more enlightened, more happy than of old, for some recognition in the shape of self-government of the moral and material progress which it has made under English guidance. The beginnings of a more popular policy in education and the admission of at least one Liberal Egyptian to high office go to show that Lord Cromer is not entirely opposed to this demand. If this tendency can be maintained and accelerated the painful Denishwai incident may prove to have been the turning-point between a policy of coercion which must have led to disaster and a new effort towards conciliation and self-government.

CRUELTY TO ANIMALS

APPEAL FOR SUPPORT.

In our issue of Thursday we drew the attention of the Society for the Prevention of Cruelty to Animals and the shipping agents to the cruel manner in which, according to our informant (the accuracy of whose statements we have no occasion to doubt) cattle arriving by ships at Alexandria are landed. We do not wish to recur to these instances in particular at present; similar complaints have been made to us on more than one occasion and we have already dealt fully with them from time to time. We await the results of our article in full confidence that the S.P.C.A. will investigate the matter and take the necessary steps to put an end to any cruelty in so far as it lies in their power. We take this opportunity, however, to once more impress upon the public, residential and visiting, the claims of the society to that financial aid which is absolutely necessary for the satisfactory execution of its laudable work. Though the subscriptions which the society receives annually furnish sufficient funds for extensive operations, there is and always will be ample scope for further extension and, moreover, well-filled coffers would guarantee a more perfect supervision of the work of the junior officials.

All who know this country have been struck by the cruelty with which the native labourer, the street loafer, the driver, the donkey boy, in fact, the lower classes generally, treat animals, but we are afraid that with many persons the feeling of pity is in a very short time succeeded by apathy. Tourists who visit this country comment lengthily upon the brutality of the native lower classes, but the instances in which their sympathy assumes a tangible form are far too rare. Once more we appeal to the wealthy to open their purse-strings for the alleviation of the pain of animals incapable of self aid, and to those who are unable to subscribe significant sums we say "give your mite." The society is performing a great work which is in every degree dependent upon public generosity.

Support, too, can be given to the society by not only checking but also by drawing the attention of the police to every case of cruelty witnessed. In so far as our experience goes, the police are quite willing to stop any act of cruelty, and, if one insists, to arrest any person guilty of maltreatment, and in this we believe they are encouraged by the society by the promise of a small reward. It is a very simple matter to point out to a shawish an animal who is being driven while suffering from sores, an overloaded cart, cases of beating, and the like, and by such interference one contributes invaluable aid to the society.

CONSTANTINOPLE NOTES.

THE ARAB REVOLT.

(From our Correspondent.)

Pera, Nov. 13.

Owing to the failure of the Imperial Government to send reinforcements, the revolt in the Assyr, between the Yemen and the Hedjaz, starting from Beni Shehr, has spread towards Mecca. Revolution is now general in the Assyr, and the movement is in sympathy with a renewal of hostilities on the part of the Wahabites. A huge military expedition, a serious undertaking for an exhausted war chest, can alone save the Turkish position.

Hellenic Agency.

It is M. Papadiamantopoulo, ex-Consul General at Salonica, and not M. Scotides, of Alexandria, who is to succeed M Philon as Hellenic Consul-General here. M. Papadiamantopoulo is expected early next week to take up his new office. He has been entrusted with missions on several occasions by the Hellenic Government, especially in Creta, and accomplished them satisfactorily.

Public Health at Mecca.

Messages from Mecca report that the 25,000 pilgrims now in the Holy City are in good health.

Bulgaria and Egypt.

Mr. Boris Michailowsky, of the Bulgarian Agency here, has been appointed first secretary of the Bulgarian commercial agency at Cairo. Mr. Michailowsky was lately in charge of the Bulgarian Agency at Athens. During his stay here Mr. Michailowsky made many friends, who will miss him very much.

Bank of Athens.

I am informed that the Bank of Athens intends opening branches at Mansourah, Port Said, Lefkosia (Cyprus), and Marseilles.

Russia and Egypt.

The Black Sea Navigation Co., which lately concluded with the Bulgarian Railways a tariff of through rates between Russian ports and Bulgarian towns, is to extend its service by a new line to Egypt, viâ the Bulgarian ports, which will thus be put into direct communication with Egypt. The commission appointed by the Bulgarian Black Sea Steamship Line, to fit in with the extension to Egypt, has completed its labours, and its recommendations are to be examined at an extraordinary meeting of the shareholders prior to their being entered into the statutes. The Government subsidy for this extension is not to exceed Fr. 400,000.

NILE TOURISTS.

The following is a list of the passengers by Cook's P.S. Hatasoo, which left Cairo yesterday: Dr. and Mrs. F. W. Saunders, Misses Wanklyn, Mr. H. Davies, Mr. J. Alexander, Mr. H. Rishworth, Mr. L. L. Haselden, Mr. G. R. Cheetham, Mrs. Atlay, Bishop and Mrs. Morley, Mr. R. C. Aitken, Rev. Canon and Mrs. Pennefather, Mr. E. E. Pennefather, Mrs. Allison Low, Mr. S. Mackenzie Low, Mr. and Mrs. J. W. Drummond, Miss Drummond Mr. and Mrs. Joseph, Miss Joseph, Mr. E. C. Cramer, Mr. E. E. Baumgarten, Mr. H. Fritze, Miss Bruce, Miss Thomson, Mrs. J. S. McKean.

WARNING TO TOURISTS.

We extract the following letter addressed to the editor of the "New York Herald" (Paris edition) "a titre de curiosité":—

I determined last year, after a long sojourn in Egypt, to send this season a word of warning to my countrywomen who intend to go there.

It concerns the deceptions practised upon travellers, and the false information given in order to made them spend money, and spend it as the guides and dragomen wish. For instance, I was told in Cairo that I could not go to the Oasis of the Fayoum, unless with a guide and tents to camp out. I had given up the trip on this account, being alone with my maid. By accident, I found out that I could go by train from Cairo to Medinet-el-Fayoum in three hours, and seeing that I could risk it and get back to Cairo that evening, if there was no hotel, I started. I found a fairly comfortable hotel at Medinet, Hotel Karoun, where the proprietor spoke English, and provided guides, donkeys or carriages for the excursions. I spent three days at Medinet and regretted much I could not stay a week at the queer little hotel in tents at Lake Moeris.

I could give many instances like these, at each stopping place, for a most powerful ring owns the country apparently, and the traveller only finds out the things he might have done when his time is up and his money wasted.

I will add that a guide is of little use in the city of Cairo, and a walk through the native part of it far more interesting if one is without one. In the bazaars you pay double and you are hurried through the mosques and palaces. Not to mention the false and cooked up information poured out on you, which distracts from the contemplation of some of the most interesting and beautiful things now left in the world.

EGYPT'S TRADE.

CUSTOMS RETURNS FOR OCTOBER.

Our total imports for October represented L.E. 2,721,461, an increase of L.E. 216,911 over those for October, 1905. The total for the ten months ended on October 31 is L.E. 19,186,097, a rise of L.E. 1,959,688 from L.E. 17,221,409, which was the total for the same period last year. Of the total of L.E. 2,721,461 for last month, Great Britain's share was L.E. 886,447, Germany, L.E. 145,383; Austria-Hungary, L.E. 197,280; France, L.E. 299,486; Greece, L.E. 27,953; Italy, L.E. 134,523; Turkey, L.E. 388 964; Russia, L.E. 39,263; "other countries," L.E. 603,562.

The chief items of import during the month were: live stock, L.E. 148.795; cereals, L.E. 414,178; coal and wood, L.E. 342,351; textiles, L.E. 753,406; metals, L.E. 466,853. In coal, metals, and textiles, Great Britain has the lion's share, being respectively L.E. 142,820, L.E. 194,957, and L.E. 419.594; cotton yarns figuring for L.E. 313,222. In live stock and animal produce, as also in cereals, vegetables, and flour, Turkey contributes largely, these being respectively L.E. 102,491 and L.E. 138,950, her exports of dried fruits alone totalling L.E. 58,641. France supplied the greatest amount of alcoholic liquors and oils, sending as much as L.E. 23,637. The tobacco import bill for the month was L.E. 56,297, headed by Turkey, which sent L.E. 26,090 worth of leaf tobacco, the remainder of her consignment being of tumbeki. Greece followed suit with L.E. 17,279 of leaf. Great Britain's tobacco exports to Egypt, though small, are chiefly manufactured; there is, we believe, a growing demand for this home article, which we hope to see met.

Turning now to exports, the total for October shows the notable increase of L.E. 1,060,183 over the same month last year, being £2,999,257. Still more striking is this increase when compared with the total of September this year, when the total was L.E. 908,336. Most of this export went to Great Britain, which took L.E. 2,025,003, her imports of cotton amounting to L.E. 1,682,963 out of a total of L.E. 2,413,640. It is this factor which largely contributed to the remarkable increase, and that this is going to be a record season is shown by the increase of L.E. 938,813 over the exports of last October.

In September, this year, the total exports of cotton were L.E. 666,645, of which nearly half went to Great Britain, or L.E. 374,159, a rise on the previous September of L.E. 10,544. Cotton seed is also an important item, exports being valued at L.E. 329,339, of which Great Britain took L.E. 286,091; in this also there was a rise of L.E. 155,988 over last year. Our September shipments of the seed were valued at L.E. 99,467; L.E. 76,054 worth went to Great Britain.

For the ten months ended on October 31, the total exports from Egypt were L.E. 26,642,168, as against L.E. 14,817,247 for the like period last year, a rise of L.E. 1,824,921.

Our coal import bill for October was L.E. 127,969, the value of 171,289 tons, as against L.E. 116,042 and L.E. 150,673 last year. In addition to this, there were 78,978 tons of British coal in transit worth L.E. 64,443. Our total imports for the ten months ended the 30th October were 1,067,260 tons, valued at L.E. 801,352, as compared with 934,865 tons and L.E. 697,763 in 1905.

Messrs. Moss's circular shows a total import at Alexandria from January 1 to November 15 of 1,149,533 tons, made up as follows: Welsh, 615,253 tons; Newcastle, 201,088 tons; Scotch, 102,741 tons; Yorkshire, 165,329 tons; other qualities, 56,119 tons. The total for the same period last year was 953,787 tons.

SAN STEFANO ROBBERY.

BOOTY FOUND AT MONTAZAH.

The management of San Stefano Casino has been somewhat perplexed of late at the mysterious disappearance of sundry articles of silver ware, such as knives and forks, and had it not been for an accidental discovery, somewhat remote from the shores of Ramleh, the pilfering might have gone on apace.

The coastguard authorities had recently had their suspicions on the tribesmen of the Waled Ali, who are encamped in the desert beyond Montazah, and a raid was made for hashish which was believed to be concealed in the tents. Instead of this, however, the police officer came across a silver spoon, and his suspicions aroused he asked the tent dwellers how it came there. The reply was that it had been found on the road.

This, however, did not satisfy the officer, and a further search revealed a hoard of similar articles bearing letters which betrayed their origin. The articles in question have been identified by Mme Landauer, but unfortunately they represent only a part of what has been stolen.

How these articles came to be spirited out to the desert is a mystery; for the Bedouins have little truck with so fashionable an hotel. The only possible explanation is the connivance of the native domestics.

He went to South Africa with his regiment in 1900, and was present at the action near Vet River, Bethlehem, Wittebergen, and numerous other affairs, for which he received the medal with four clasps. Retiring in May, 1903, with the rank of Major, he shortly afterwards became a member of the Hon. Corps of Gentlemen-at-Arms.

FOOTBALL.

The fourth annual general meeting of the Saint Andrew Football Club was held on Thursday evening, 15th inst., in the committee-room of the British Club, when there was a good turn-out of members. Mr. J. L. Tulloch presided, and in the course of his remarks dealt with the club's past record, its present satisfactory financial position, and its future prospects. A good season is anticipated for 1906-7. Regret was expressed at the club being at present without a playing pitch, but it is hoped that a suitable piece of land will be found later in the season. The club opens the new season to-day with a match versus the King's Royal Rifles F.C. at Ras-el-Tin, when the following players will take the field, viz., Messrs. Dawson, Curtis, Tamvaco, Ecclestone, Edward, Metzger, Rofe, Jones, Kerr, Cassels and Tulloch. The teams will kick off at 3.30 p.m. A good game should be witnessed.

***

Ici, en dépit des fêtes du Baïram et de la liquidation de quinzaine, le marché a montré, ce matin encore, une certaine animation et, qui plus est, de la fermeté, alors qu'on s'attendait à un tassement forcé.

Dans le compartiment des Banques, la National s'est maintenue à 27 1/4-5/16. L'Agricole s'est raffermie à 9 13/16. La Cassa di Sconto a avancé à 246 l'action ancienne et 242 la nouvelle. La Banque d'Athènes a molli à 145-146. La part de fondateur Comptoir Financier a gagné 2 livres à 55.

Le Crédit Foncier a progressé à 782-783; l'obligation à lots ancienne a faibli à 338. L'Entreprise and Development s'est alourdie à 12 11/16; sa part de fondateur a été mieux tenue à 22 3/8-1/2. En bonnes dispositions, le Wardan Estate a passé de 7 5/8 à 8 1/16. L'Union Foncière s'est consolidée à 6 11/16-3/4. Les Improvements sont revenus à 6 9/16 5/8.

Les Entreprises Immobilières et Travaux ont été recherchées à 4 3/4 et leur part de fondateur à 98-99. Les Allotments se sont bien comportés à 4 3/16; leur part de fondateur a baissé à 161.

Il y a eu beaucoup de transactions en Epargne Immobilière; l'action a été négociée à 3 13/16 pour se raffermir en clôture à 3 7/8; la part de fondateur a été négociée entre 45 et 35 P.E., ce qui équivaut, en somme (les souscripteurs ayant obtenu une part fidéicommis par action), à un peu plus d'un quart de livre de prime sur le titre.

Les Jouissances Eaux du Caire ont progressé à 272 273. Les Automobiles sont remontées à 5 11/16; leur part de fondateur a, par contre, fléchi à 8.

Dans le groupe des valeurs hôtelières, les Nungovich ont bénéficié de 1/16 à 18 5/8. En bonne tendance, les Egyptian ont clôturé à 7 7/8 15/16.

Parmi les petites valeurs, les Delta Land sont restés à 4 7/16-1/2 et les Estates à 2 3/8-7/16; leur part de fondateur s'est raffermie à 16. En très bonne demande, les Abdy ont été ramassés aux abords de 1 9/16. Les Hooker ont donné lieu à de gros échanges pour clôturer à 1 1/4 sur la confirmation de la nouvelle que le Trust déclarerait prochainement un dividende de 1 sh. 6 par action. Les Khedivial Mail ont progressé à 43/, les Markets à 28/ et le Salt and Soda à 26/9. Les Oasis se sont tassés à 1 5/16-3/8.

***

La souscription publique aux actions de l'Epargne Immobilière Ltd. a été close hier à 4 heures de l'après-midi.

Les lettres de répartition ont été envoyées le soir même.

***

Plusieurs de nos amis nous demandent des renseignements au sujet des parts de fondateur "fidéicommis" accordées aux souscripteurs de l'Epargne Immobilière Ltd., car il ne se rendent pas bien compte, disent-ils, de la nature de ce titre. Quelques mots d'explication ne sont donc pas inutiles:

Les quatre mille parts de fondateur créées par la Société devaient être réparties entre un nombre considérable d'ayants-droit: souscripteurs, membres du syndicat de garantie, promoteurs, etc. La subdivision de ces titres était indispensable pour contenter tout le monde et assurer le succès de l'affaire.

Malheureusement, cette subdivision eût rencontré d'innombrables difficultés administratives; il fallait donc trouver un autre moyen d'atteindre au même résultat, et, au lieu du fractionnement, on a eu recours au fidéicommis.

Le certificat de 4,000 parts de fondateur a été déposé entre les mains de la Société d'Entreprises Immobilières et de Travaux, qui se charge d'encaisser les dividendes y afférents et de les répartir ensuite entre les ayants-droit.

Ces derniers, c'est à dire les souscripteurs, les membres du syndicat de garantie, les promoteurs, etc., reçoivent de la Société d'Entreprises Immobilières cent mille parts leur donnant droit à tous les bénéfices revenant aux quatre mille parts de fondateur déposées.

Comme on le voit, c'est beaucoup moins compliqué que cela en a l'air de prime abord.

Une communication du Conseil d'administration des Sucreries et Raffinerie d'Egypte, insérée dans les journaux de Paris du 10 Novembre, dément une note privée, concernant la situation actuelle de la Société, publiée le 30 Octobre dernier par la "Nouvelle Presse Libre" de Vienne. Cette note représentait d'une façon très exagérée l'amélioration amenée par les efforts du nouveau Conseil depuis son entrée en fonctions.

La communication ajoute qu'à l'assemblée des actionnaires, convoquée pour le 30 de ce mois, le Conseil précisera dans son rapport les transformations faites et les résultats obtenus

The "Allenburys" DIET is a complete milk and farinaceous Food, easy of assimilation, most agreeable to take, simply and quickly made. It is recommended in place of ordinary milk foods, gruel, etc., and whilst acceptable to all as a light nourishment, it is particularly helpful to Dyspeptics, Invalids and the Aged. In the sick-room it will be found invaluable and it is easily and quickly made, the addition of boiling water only being necessary.

A Light Nourishment for General Use.

The 'Allenburys' DIET

FOR INVALIDS, DYSPEPTICS & THE AGED.

ALLEN & HANBURYS Ltd., Lombard St., LONDON.

The "Allenburys" DIET is readily digested by those who are unable to take cow's milk and is particularly serviceable in convalescence. When taken as a light supper diet it will be found to promote tranquil and refreshing sleep. Although this DIET is a food for ADULTS and is entirely distinct from the "Allenburys" Foods for Infants, yet it is also of great value as a restorative food for young children, especially during convalescence.

HOPE FOR THE SICK.

A VICTIM OF LA GRIPPE.

Mrs. Henrietta A. S. Marsh, 769 W. 16th St., Los Angeles, Cal., President Woman's Benevolent Ass'n, writes:

"I suffered with la grippe for seven weeks, and nothing I could do or take helped me until I tried Peruna.

"I felt at once that I had at last secured the right medicine and I kept steadily improving. Within three weeks I was fully restored, and I am glad that I gave that truly great remedy a trial. I will never be without it again."

In a letter dated August 31, 1904, Mrs. Marsh says: "I have never yet heard the efficacy of Peruna questioned. We still use it. I traveled through Kentucky and Tennessee three years ago, where I found Peruna doing its good work. Much of it is being used here also."—Henrietta A. S. Marsh.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

For special directions everyone would read "The Ills of Life" a copy, of which surrounds each bottle. Peruna is for sale by all chemists and druggists at five shillings per bottle or six bottles for twenty five shillings.

Those wishing direct correspondence with Dr. Hartman and can wait the necessary delay in receiving a reply should address Dr S. B. Hartman, Columbus, Ohio, U.S.A.

REVUE COMMERCIALE

Cotons.

Par sa tenue durant la semaine qui vient de finir, notre marché a donné raison à ceux qui, depuis quelque temps, se sont montrés sceptiques sur la réussite des tentatives de hausse qu'à tout instant on cherche de faire et même sur la possibilité, à moins d'une reprise sérieuse et stable en Amérique, de maintenir nos cours à leur niveau actuel. Il y a quelque chose de factice en l'air, qui fausse la situation et entrave les efforts des haussiers, et il n'est pas difficile de s'en apercevoir quand on voit l'empressement outré que montrent beaucoup de spéculateurs à vouloir réaliser, soit sous l'influence d'une nouvelle quelconque, soit dès qu'une occasion plus ou moins propice se présente : En somme, il y a trop de petites mains intéressées et trop de positions surchargées, qu'on ne demande qu'à diminuer, et il est certain que ce n'est pas avec des éléments pareils que l'on peut dominer sur un marché en dépit de toutes les circonstances contraires.

Cette appréciation n'est sûrement pas de nature à plaire au parti de la hausse ; mais est-il possible de se soustraire à cette impression plutôt pessimiste quand on se trouve en face de mouvements désordonnés comme ceux que nous avons eus Vendredi et Samedi derniers ? Le demi tallari gagné le premier jour, sans justification suffisante, a été perdu en entier le lendemain et l'avance d'égale importance qu'on a cherché de consolider depuis lors menace tout bonnement de se liquéfier de nouveau, et si nous voulions résumer toutes les fluctuations de la semaine nous trouvons que l'unique résultat obtenu consiste en une baisse de 3/32 de tallari, la clôture de ce soir pour le Novembre ayant eu lieu à 17 15/32.

Maintenant, malgré ce que nous venons de dire, il ne faut pas croire que le champ est libre pour la baisse ; non, mille fois non, mais nous sommes, après tout, à un niveau exagéré qui ne pourrait que faire du mal pour l'avenir, tandis qu'un peu de modération ne saurait que nous préparer une excellente finale. La consommation de l'égyptien est incontestablement forte cette année, mais, malgré son importance, les spécialités que l'on fait avec nos cotons ne seraient jamais suffisantes pour absorber notre récolte en entier et, par conséquent, comme nous l'avons dit à maintes reprises, il restera toujours un assez gros surplus dont il faut absolument faciliter le placement, d'autant plus que notre récolte sera supérieure à toutes celles que nous avons eues par le passé.

Or, le seul débouché qu'il y aurait pour cet excédent consisterait dans son emploi pour mélanger avec les américains défectueux ou pour remplacement les américains longue soie qui sont rares cette année, mais pour ce dernier objet, la question du prix et de l'écart entre les deux qualités viendrait immédiatement en ligne de compte et ce point mérite de ne pas être oublié. L'année dernière, la filature a eu recours au bon américain pour combattre la spéculation de notre place, mais c'est le bon marché de l'un par rapport à l'autre qui lui a permis de le faire ; aussi, et avec beaucoup plus de raison, l'égyptien ne pourrait venir à suppléer au manque du bon américain que s'il est à des prix raisonnables ou abordables, car, en définitive, il ne s'agit pas, dans ce dernier cas, de nécessité absolue, mais simplement de possibilité éventuelle.

Encore une fois, tout est en faveur de l'égyptien cette année, mais ne perdons pas de vue non plus que nous allons avoir forcément un peu de ralentissement dans les exportations à partir du mois prochain, après tout ce qui a été expédié depuis le commencement de la récolte, que notre stock ne fait qu'augmenter, qu'à partir du 15 Décembre la période des fêtes et des bilans de fin d'année commencera à faire sentir son influence et que tout cela réuni n'est pas fait pour nous valoir des marchés en feu ! !

Et pour conclure, soyons sages et laissons au niveau de 17 tallaris pour Mars le soin de nous attirer de nouveau et d'une façon générale la demande et ne nous amusons pas à la limiter avec nos idées de vouloir imposer le cours de 18 et plus. Ceci pourra venir par la suite quand on aura à décompter avec le découvert ; mais, pour atteindre ce but, il faut commencer d'abord par assurer l'écoulement de la marchandise au dehors.

La nouvelle récolte s'est très bien maintenue et l'écart entre les deux Novembre, 1906 et 1907, n'est plus que de 3/4 de tallari. Au fond, l'activité n'a pas été énorme, mais il y a eu constamment de la demande, tant spéculative que commerciale, pour la campagne prochaine, tandis qu'en général les vendeurs en blanc sont de plus en plus réservés. On signale de nouvelles affaires avec la filature, assez conséquentes, sur la base des cours actuels, pour embarquement Novembre 1907 à Janvier 1908.

Pour ce qui est des rapports sur la récolte actuelle, ils ne font que s'élargir : De Novembre à Mars, nous sommes à 11/16 de tallari ; de Mars à Mai, il y a 1/2 tallari et entre Mai et Juillet il existe 3/8 et il est positif que le dernier mot n'est pas dit ! Combien avions-nous raison quand nous avons donné le conseil d'acheter la nouvelle récolte et de vendre les mois rapprochés de l'ancienne !

Les nouvelles d'Amérique, si elles n'ont pas été bien intéressantes, en dehors de celle annonçant l'obligation où s'est trouvé le grand leader de la hausse, de cette année, de devoir liquider sa position, ont été par contre assez nombreuses : Tout a été câblé pour produire la hausse, soit, *killing frost* général mais se réduisant en définitive à un peu de neige dans l'Alabama, diminution de recettes en vue, réveil de la demande et achats énormes de la part de la filature ; réduction des estimations précédentes de la récolte, mais tout cela n'a servi qu'à produire une reprise limitée et, en apparence, de courte durée ! Et à notre avis, au fond, nos bons amis les Américans n'en savent pas plus long que nous et ne visent qu'à nous attirer à faire de nouvelles affaires, pour leur plus grand profit, quittes à ne nous indiquer une tendance vraie que quand le prochain rapport d'égrenage, ou peut-être seulement quand le rapport du Bureau d'Agriculture du 3 Décembre seront venus les fixer sur les probabilités de la récolte Ce qui semble acquis pour le moment, ce sont les deux points que la consommation sera grande et qu'il y aura pas mal de mauvais coton ; quant aux prix, dans ces conditions, ils ne sont pas élevés, mais bien susceptibles d'une forte hausse, dès que le parti de la baisse, qui est toujours en train de peser sur la situation, aura fini ses rachats ou changé son fusil d'épaule.

Par moments, l'activité sur notre marché du disponible a laissé à désirer, mais dans l'ensemble le mouvement d'affaires pendant la semaine a été assez satisfaisant. Dans tous les cas, la semaine finit calme.

Quant aux prix, ils ont fini par revenir à leur point de départ de vendredi dernier, aussi bien pour le Mit Affifi que pour les provenances Haute-Egypte et Fayoum.

Les qualités inférieures de Goodfair et au-dessous ont été en faveur, comme aussi les Abassi et les Joannovich. Ces deux derniers genres sont de plus en plus rares sur le marché et ne cessent d'être recherchés, et, dans ces conditions, il n'y a rien d'étonnant à ce que leur valeur ait subi une hausse sensible, soit de 5/8 à 7/8, pour les premiers et de 1 1/4 à 1 3/8 pour les derniers.

Cette semaine il n'y a pas eu d'enchère aux Domaines pour insuffisance d'arrivages, mais pour jeudi prochain il y aura une vente assez ronde.

Les exportations de la huitaine ont atteint balles 36.000, contre balles 30.900 en 1905 pour la même période, mais, tant à cause des fêtes indigènes que du ralentissement de la demande pour Manchester, les pronostics pour la semaine prochaine sont pour des quantités moins fortes, à moins que le règlement d'une grande partie des suspens en douane ne vienne les grossir.

Sauf pour un ou deux jours, Liverpool s'est tenu dans les petits chiffres pour les Egyptiens disponibles. Quant à ce qui est des prix, il y a de la baisse sur le spot, le fully good fair étant coté 9 3/8. Les futurs, au contraire, ont gagné un peu de terrain, la clôture de ce soir ayant eu lieu à 9 14/64 pour le Novembre, soit une hausse de 3/64. Le Mars vaut 8 60/64.

La filature n'a pas besoin de recourir trop au marché de Liverpool, les expéditions directes qui lui sont faites d'ici étant plus que suffisantes pour l'alimenter et pour lui permettre de se reconstituer un stock ; mais ce qui est surprenant, c'est l'énorme écart existant entre nos cours et ceux du grand marché anglais pour les futurs, surtout sur les mois éloignés.

Il est absolument ridicule de constater dès le début de la campagne des différences de 1 1/4 à 1 1/2 tallari !

L'importance des ventes en disponible américain à Liverpool prouve qu'il y a du vrai dans l'assertion que la filature est de nouveau aux achats ; dans tous les cas, depuis deux ou trois jours, c'est à 12,000 balles environ que les ventes s'élèvent.

En ce qui concerne les prix, le spot, après avoir fléchi à 5.50 est remonté à 5.75, pour finir à 5.85, ce qui fait que la hausse sur ce chef s'élève à 10 points en tout. Les futurs ont beaucoup fluctué et clôturent à 5.54 pour le Janvier-Février et à 5.60 pour le Mai-Juin, soit respectivement 21 et 17 points de hausse.

L'Américain monte rapidement depuis deux ou trois jours à cause de l'existence d'un corner sur le Novembre-Décembre. C'est la dernière nouvelle reçue d'une maison de Liverpool généralement bien informée.

Graines de Coton.

Les recettes sont toujours satisfaisantes, mais d'autre part aussi l'importance des besoins pour les embarquements courants ne cessent de maintenir la demande vive et suffisante pour tout absorber presque. Le fait est que les exportations dépassent les prévisions et que c'est à cette circonstance que nous devons le maintien des prix à un niveau plutôt élevé par rapport aux contrats. Le cours de clôture de ce matin a été de PT. 66.

Les affaires en contrats ont été très restreintes pendant la semaine et c'est à la réserve de la spéculation que ce fait est dû. Au plus bas c'est à P.T. 66 3/4 que nous avons été et, comme clôture, c'est à P.T. 68. 30 que les 3 mois ont fini aujourd'hui. Le report est en diminution, le Février-Mars ne valant que P.T. 69.30.

De l'Angleterre, il y a chûte sensible dans la demande, ce qui s'explique facilement après les grosses expéditions de ces temps derniers. Partout on est amplement fourni pour le moment et il faut bien donner le temps de digérer en partie ce qui est en route avant de voir la consommation revenir au marché d'une façon sérieuse Les dernières cotes pour Hull sont de £6 13/9 le prompt et £6 12.6 les futurs.

Ce soir on a cependant parlé d'une reprise de 2/6 et de là proviendrait l'amélioration de notre marché à la dernière heure.

Ni les Outports, ni le Continent n'ont rien fait de nouveau.

CHRONIQUE FINANCIERE

Alexandrie, le 16 Novembre.

On a débuté cette semaine en pleine effervescence sur les petites valeurs, telles que la Delta Land, les Estates, l'Investment, la Salt & Soda, le Trust, l'Ordinary Khedivial Mail et la Building Lands, qui, pour la plupart clôturent en avance notable sur la cote de vendredi passé. Il y a eu également une certaine animation en Agricole, Tramways d'Alexandrie, Nile Land et Urbaine. Les Sucreries et les parts de fondateur Comptoir ont donné lieu, surtout ces dernières, à une bonne demande. D'une façon générale, cependant, la cote, après avoir bénéficié dans son ensemble d'une avance appréciable au début de la semaine, a subi vers la fin et graduellement une réaction d'ailleurs légère, dûe à des tassements et à la tendance générale de la spéculation à réaliser. Bref, le marché finit un peu lourd et cette allure semble appelée à s'accentuer à cause de la coïncidence des fêtes avec l'approche d'une liquidation qui s'annonce comme laborieuse.

C'est malgré tout en hausse que finit la semaine : en effet, sur une cinquantaine de valeurs inscrites à la cote officielle, 26 environ sont en hausse, 8 seulement en baisse et le reste demeure stationnaire.

L'Agricole gagne 5/32 à 9 25/32, la National 1/16 à 27 1/4, la Delta Light 1/16 à 12 1/16, les Tramways 5 fr. les Priv. à 193 et 16 fr. les Div. à 350, la Daïra 1/4 à 17 1/4, la Béhéra 1/4 à 43 2/4, la Privilégiée Bière d'Alexandrie 7 francs à 217, la Cassa di Sconto 1 fr. à 241, les Nungovich Hotels 7/16 à 18 5/8, la Nile Land 1/8 à 17 3/8, l'Urbaine 5/32 à 6 29/32, la part de fondateur Comptoir 3£ à 55 sans compter le coupon de £2, la Building Lands 11/32 à 5 11/32, le Crédit Franco-Egyptien 1/16 à 5 9/16 et la Banque d'Orient 1 fr. 50 à 131.

Par contre, la Ramleh perd 3/32 à 7 1/32, la Bière du Caire 1 et 2 fr. à 133 et 72, l'Obligation Crédit Foncier 2 fr. et 0 fr. 50 à 336 et 271 1/2, la Banque d'Athènes 0 fr. 50 à 145 1/2. et l'Union Foncière 1/32 à 6 17/32.

Quant aux petites valeurs, les Markets s'avancent à 27/3, la Salt & Soda à 26/3, la Delta Land à 4 15/32, la Khedivial Mail à 4 3/4 et 42/6, l'Investment à 1 17/32, le Trust à 1 9/16, les Estates à 2 3/8, les Splendid Hôtels à 4 3/16, et le Cheikh Fadl à 109.

Tout le reste de la cote demeure stationnaire.

***

Les Egyptian Estates, qui ont eu les honneurs de cette semaine, clôturent avec une avance de 1/16 à 2 13/32.

Le Caire a même traité ce matin à 2 7/16. Un dividende intérimaire de 5% vient d'être déclaré par le conseil d'administration de cette Société jusqu'au 30 Septembre dernier ; ce dividende est payable le 21 courant et jours suivants aux bureaux des Egyptian Estates, Sharia Kasr el Nil, au Caire.

***

Pour les Hooker on parle d'un coupon intérimaire de 1 shelling 6 pence, soit 15% sur la 1/2 livre versée. Cette société serait également en pourparlers pour la revente de la propriété qu'elle a récemment achetée au Crédit Franco-Egyptien Rue el Rassafa à Moharrem Bey.

***

Nous apprenons de bonne source que plusieurs sociétés sont en pourparlers avec les propriétaires du jardin du Gabbari pour l'achat en participation de cette propriété. Aussitôt que l'affaire sera conclue, nous donnerons à nos lecteurs des détails plus circonstanciés.

***

La Salt and Soda est sur le point de proclamer son bilan avec un bénéfice de £80,000. Un dividende de 7 1/2 % sera distribué aux actionnaires et le surplus sera consacré aux amortissements ou porté à la réserve. C'est à cette nouvelle que nous avons été les premiers à publier qu'il faut attribuer la hausse de ce titre de 25 shellings à 26/9. Le prix de 27 shellings a même été pratiqué dans la matinée.

***

L'Egyptian Improvements Corporation a acheté de la Compagnie Lyonnaise d'Egypte la propriété de S.E. le Ghazi Moukhtar Pacha connue sous le nom de Palais No. 3, au prix de L.E. 205.000, (la Compagnie Lyonnaise l'avait elle-même achetée pour la somme de L.E. 176 000) aux conditions de paiement suivantes: L.E. 33.125 au comptant, L.E.11,875 le 15 janvier 1907 et le reste par versements annuels de 40,000 L.E. échelonnés de novembre 1907 à novembre 1910. Cette propriété mesure environ 230.000 pics carrés. Il a été créé 215 parts de 1000 livres chacune, représentant le prix d'achat, tous frais compris. Les souscripteurs de ces parts auront à opérer un premier versement de L.E. 178 par part à la souscription, un deuxième de L.E. 79 le 15 janvier 1907 et le reste sera appelé au fur et à mesure des besoins. Moyennant une commission de 10 % sur les bénéfices nets, l'Improvements Corporation se charge du morcellement et de la revente au mieux de la propriété commune sur la base minimum de 20 % de bénéfice net. Le solde des bénéfices sera réparti aux participants au prorata de leurs parts.

***

L'émission de la Sidi Salem Estates Co. Ld est fixée aux premiers jours de décembre. C'est le Comptoir National d'Escompte de Paris qui est chargé de l'émission, tant en Egypte qu'en Angleterre. La totalité des titres, soit environ 103,000, seront offerts à la souscription publique au prix de £ 4. 5., l'action de £ 4. Les 5 shellings de prime seront portés à la réserve. Quant à la répartition, elle se fera au prorata des quantités souscrites. Les titres définitifs seront au porteur avec timbre anglais et, par conséquent, négociables en Egypte et à Londres.

On aura sans doute remarqué que le groupe acheteur de 14.000 feddans de la Béhéra à L.E. 38 1/2 le feddan, les transmet sans aucune majoration à la Sidi Salem, en se contentant du bénéfice statoire de 25 % que lui donneront les 5,000 parts de fondateurs, après que toutes les charges auront été payées. C'est là, on en conviendra, une part bien modeste dont se contentent rarement nos promoteurs de sociétés. Il n'y a donc aucune charge pécuniaire sur le capital social, autre que les frais administratifs, le reste devant aller à la réserve comme fond de roulement. De plus, jusqu'au 1er juillet 1908 la Sidi Salem n'a pas de charge d'intérêt, puisque les £200.000 de Preference shares allouées à la Béhéra à 5% ne sont que jouissance à cette date. En attendant, la nouvelle société jouit des revenus de locations, la plupart de ses terres étant en plein rapport ; et, d'ici là, elle aura sans doute réalisé d'importants bénéfices sur les reventes, car elle a déjà, assure-t-on, de nombreuses offres d'achat à des prix rémunérateurs. Ses terrains sont, en effet, très fertiles et admirablement irrigués grâce à l'intelligente administration de la Béhéra. Nous n'avons pas besoin de rappeler que les noms les plus connus de la finance égyptienne figurent dans le syndicat de garantie ou dans le conseil d'administration de la Sidi Salem.

JOINT SYSTÈME BUHNE
pour manchons de tuyaux d'eau et de gaz.

Manchon d'un tuyau de 300 mm de diamètre rendu étanche par la laine de plomb Buhne et soumis à une pression de 20 Atmosphères.

Jusqu'à présent on assemblait les manchons de tuyaux en y introduisant tout d'abord une tresse de chanvre et en coulant du plomb dans la partie restée vide, puis on mata le plomb coulé.

Notre nouveau système de raccord étanche se comporte tout autrement. Nous employons au lieu de plomb fondu la laine du plomb brévetée en tresses de 1 m. de longueur et pesant ¼, ½ ou 1 klog. suivant les manchons, et procédons comme suit :

Après avoir tout d'abord introduit et comprimé la tresse de chanvre, on prend une tresse de laine de plomb ou une partie seulement de la tresse, selon la force du joint, on l'enroule autour du tuyau et on la mate fortement dans le manchon ; on répète l'opération jusqu'à ce que le manchon soit complètement plein et bien maté. Par le fait que le matage commence déjà au fond du manchon c. a. d. directement sur la tresse de chanvre, la laine de plomb se transforme en une masse homogène, au moyen de laquelle on réalise non seulement une étanchéité parfaite, mais encore résistance beaucoup plus considérable qu'auparavant.

Des essais de notre nouveau système de raccordement étanche ont été faits non seulement dans nos usines, mais aussi en beaucoup de villes qui en font l'étude à différents points de vue. Ainsi nous avons réalisé des joints de tuyaux de 300 et 450 mm de diamètre d'après notre procédé et soumis ces joints pendant des semaines à une pression constante de 20 atmosphères sans que le raccord cédât. On réunit également bout à bout 4 tuyaux de 100 mm de diamètre d'après notre procédé ; on plaça les deux extrémités sur deux supports de telle sorte que la partie intermédiaire ne fût pas soutenue. On ne constata ainsi aucune flexion. Par contre un essai analogue avec des joints en plomb fondu accusa une flexion considérable.

Il est ainsi démontré qu'avec notre procédé on obtient un joint bien étanche et une résistance mécanique bien plus grande qu'autrefois.

Notre nouveau procédé de raccordement étanche offre en outre l'immense avantage de permettre de travailler par tous les temps et sans nécessiter la mise à sec des manchons.

Outre ces énormes avantages techniques, notre procédé présente vis-à-vis des anciens procédés encore d'autres.

L'appareil encombrant pour le coulage du plomb est supprimé, et avec lui tout le combustible tel que bois et coke ; la perte de plomb à la coulée est évitée ; on supprime de même le sable, la main d'œuvre de moulage des têtes de manchons et la main d'œuvre de coulage.

Dans notre procédé il ne faut plus que des mateurs.

Il s'ensuit que notre méthode rend le travail plus économique que l'ancien procédé, sans parler des avantages concernant l'hygiène.

DR. LE CLERC'S PILLS

For the Liver & Kidneys

are an unfailing and reliable remedy for diseases of these important organs, gout, rheumatism, gravel, pains in the back and kindred ailments (acquired or constitutional). Sold by principal Chemists, not in loose quantities, but only in boxes, price 2s. 2d. bearing the British Government Stamp with the words Eugene Le Clerc, impressed thereon to protect the public from fraud.

DR. LE CLERC'S SOAP.

Medical, antiseptic, used and recommended by eminent dermatologists in the treatment of eczema, lepra, psoriasis, ulcerations, skin eruptions, itching and irritating skin humours, baby rashes, etc., also a prophylactic against the risk of contracting disease and infectious disorders generally. Its healing properties greatly minimise the inconveniences of shaving in cases of pimples, spots, tacacne. In Tablets, price 1s. Sold by Max Fischer, Cairo and Alexandria.

A BROKEN-DOWN SYSTEM.

This is a condition (or disease) to which doctors give many names, but which few of them really understand. It is simply weakness—a break-down, as it were, of the vital forces that sustain the system. No matter what may be its causes (for they are almost numberless), its symptoms are much the same; the more prominent being sleeplessness, sense of prostration or weariness, depression of spirits and want of energy for all the ordinary affairs of life. Now, what alone is absolutely essential in all such cases is *increased vitality*—vigour—

VITAL STRENGTH & ENERGY

to throw off these morbid feelings, and experience proves that as night succeeds the day this may be more certainly secured by a course of the celebrated life-reviving tonic

THERAPION No. 3

than by any other known combination. So surely as it is taken in accordance with the printed directions accompanying it, will the shattered health be restored,

THE EXPIRING LAMP OF LIFE LIGHTED UP AFRESH,

and a new existence imparted in place of what had so lately seemed worn-out, "used up," and valueless. This wonderful medicament is purely vegetable and [illegible] is agreeable to the taste—suitable for all [illegible] conditions, in either sex; and it is difficult to imagine a case of disease or derangement, whose main features are those of debility, that will not be speedily and permanently benefited by this never-failing recuperative essence, which is destined to cast into oblivion everything that had preceded it for this wide-spread and numerous class of human ailments.

THERAPION is sold by the principal Chemists throughout the world. Price in England, 2/9 and 4/6. Purchasers should see that the word 'THERAPION' appears on British Government Stamp (in white letters on a red ground) affixed to every package by order of His Majesty's Hon. Commissioners, and without which it is a forgery.
